

Course Substitution Auxiliary Form – Research through Study Abroad

If you intend to participate in research abroad through UCEAP's Lab Research program and wish to earn *CHEM 197* credit and/or have the course fulfill your *additional chemistry elective* requirement, you must submit an online *course substitution* petition. This form must be attached to your online petition.

Instructions:

AFTER you have completed your research abroad, submit an online course substitution petition request for your study abroad research course (typically numbered 186 or 186S) to be reviewed for Chem 197 credit. The following is required in your petition:

- A syllabus or program brochure from your study abroad university course and/or program.
- Completed *Course Substitution Auxiliary Form – Research through Study Abroad* with all necessary signatures. *Note:* You may obtain the required signatures while you are abroad; however, the course substitution petition, along with this form, must be submitted **after** you have completed your study abroad program.
- If approved, you can receive CHEM 197 credit. CHEM 197 credit can be substituted for **ONE** upper-division chemistry elective (please indicate this in question #1 below). *Note:* you will **NOT** be allowed to waive a lab elective (or biochemistry elective for Biochemistry Majors).

Student Use
1. I am requesting to have CHEM 197 waive one of my upper-division chemistry elective requirements: Y / N
2. Prerequisite course work or knowledge related to this project:
3. Nature and frequency of contact (hours per week): Date range of completed research (e.g. 1/6/19 - 3/30/19) _____ - _____
4. Means of Evaluation (paper, final, etc.):
5. Overall goal/theme of your project (2-3 paragraphs):

6. Specific research goals: explain what your goals were at the beginning of your research program and how you accomplished them by the end of the quarter/semester (2-3 paragraphs):

Instruments/equipment used:

Lab/computational skills learned:

Mentors you worked with (e.g. postdocs, grad students - please list their full name and title):

For Instructor/PI/Faculty Use

Name

Signature

Email

I served as the above student's Principal Investigator (PI) and/or supervisor for the duration of their study abroad research program and affirm that the above information (including lab contact hours and date range) is accurate:

Y / N

Contact hours per week worked in the lab:

Note: your course substitution petition is NOT guaranteed to be approved.
